FAE RFBR IFTOMM Kursk State Technical University IX International scientific-technical Conference

“VIBRATION – 2010.
CONTROL VIBRATION
TECHNOLOGIES AND MACHINES”

VIBRATION-2010

12 – 14 May 2010
Kursk
Russia

**THE 1-st INFORMATION
MESSAGE**

Kursk 2009

THE BASIC DIRECTION OF THE CONFERENCE

- history of the machines and mechanics;
- mechatronics;
- robotics;
- modeling of dynamic processes;
- dynamics of construction and optimal synthesis;
- control of vibration;
- application of vibration technologies
- biomechanics;
- dynamics of magnetic rheologic mediums;

Vibration- 2010 is the 9-th event of series that has been started in 1993.

The aim of Conference is to bring together researches, industries professionals and students from broad ranges of disciplines referring to Machine dynamics science.

INSTRUCTIONS FOR AUTHORS

For participation in the conference it's necessary to send materials of the paper in volume up to six complete pages text including figures (black & white) and abstract. Beside this, in application form participation should write name of report, surname of authors and abstract in English language (5-6 lines) in separate file. You can send your paper by e-mail with surname, prepare in Word or PDF format for windows without numbering of pages.

Language of the conference: Russian & English

Material of the conference will be published in Proceedings of Conference.

The applications and materials of the reports are accepted up to 01.02.2010.

The Conference will be held at the Kursk State Technical University in Kursk city of Russia. Our University is the largest higher educational institution in city Kursk.

Kursk is situated in central part of Russia (500 km to south from Moskow).

More detail information of the conference can be found at: <http://www.mechatronics.kursk.ru>

PROGRAM COMMITTEE

Emelianov S.G., professor, chairman
Yatsun S.F., professor, vice-chairman
Ceccarelli Marko, professor University of Cassino (Italy), vice-chairman
Loktionova O.G., professor, secretary
Babicev A.P., professor, Rostov, RSTU
Blehman I.I., professor, Saint-Petersburg, scientific production association «Mehanobr-Tehnika»
Gluseppe Carbone, professor University of Cassino (Italy)
Gyskow A.M., professor, Moscow, Bauman MSTU
Kolev E, (Germany), Ilmenau, TUI
Kopilov U.R., professor, Voronezh, VSTU
Panovko G.A., professor, Moscow, IMACH Russian Academy of Sciences
Savin L.A., professor, Orel, OSTU
Shevyakin V.N., professor, Kursk, KSTU
Viba A.A. professor (Latvia), Riga, RSU,
Zimmermann K., professor (Germany), Ilmenau, TUI
