about

X International Conference on Advanced Agritechnologies, Environmental Engineering and Sustainable Development – AGRITECH-X - 2024

(Termez, Uzbekistan, 29-30 April 2024)

The X International Conference on Advanced Agritechnologies, Environmental Engineering and Sustainable Development - AGRITECH X – 2024 will be organized by Termez Engineering-Technological Institute (Uzbekistan), International Union of Scientific and Engineering Associations, Siberian Scientific Centre DNIT in partnership with Bukhara Engineering-Technological Institute, Namangan Engineering-Technological Institute and Termez Institute of Agrotechnology and Innovative Development (Uzbekistan) on 29-30 April 2024.

The scientific sessions will take place in Termez Engineering-Technological Institute (Termez, Uzbekistan) on 29-30 April 2024. The online session will be also organized to give the opportunity to make scientific reports to those participants who will not be able to come to the conference.

We invite scientists, post-graduates and research teams as well as representatives of the enterprises working in agritechnologies, food technologies, environmental engineering for sustainable development of the modern society to participate in the Conference.

The purpose of the Conference is the exchange of experience of leading experts in the field of high-tech geochemical, geological, geophysical and information technologies in agriculture; energy, oil and gas engineering; environmental management and engineering, mining and soil processing technologies, as well as in modern areas of biodiversity research and methods for its conservation for sustainable development; the influence of food production on the environment and sustainable systems of food technologies; agroforestry, environmental safety, green technologies and natural resources.

The work of the conference is planned in the following directions:

- Agritechnologies, Agritech Engineering, Policy and Law for Sustainable Environmental Health
- Innovative Development of Sustainable Systems of Agrarian-and-Food Production
- Information Technologies, Automation Engineering and Digitization of Agriculture
- Environmental Engineering, Mining and Soil Treatment Technology
- Environmental Safety, Risk Assessment and Management in Oil and Gas Industry
- Green Technologies, Climate Change and Environmental Pollution
- Chemical, Ecological, Oil-and-Gas Engineering and Natural Resources
- Agricultural Mechanization, Civil Engineering and Energetics

https://conf.domnit.ru/en/conferences/agritech10-2024/

- Biodiversity and Ecosystem Stability for Sustaining the Natural Area
- Agroforestry and Digitalization of the Forest Technology

All conference papers accepted to the Conference will be presented in one of the formats (face-to-face scientific sessions, virtual sessions in Zoom, pre-recorded video-reports, or E-poster presentations).

For non-resident participants, graduate students and young scientists, participation with an online presentation is available (E-presentation - from 3 to 5 slides - are issued in free form in pdf / ppt format, the template can be downloaded on the conference website).

Registration is open on-line on the web-site of the Conference till 20 April 2024.

Proceedings of the Conference
Selected papers are planned to be published in E3S Web of Conferences.

The papers must be written in English and should adhere to the paper template. All the papers will be peer reviewed by 2 experts. It takes 5-10 working days for the result coming out. If the paper needs revising, it should be resubmitted for peer review again.

The official languages of the Conference are Russian and English. The Organizers will provide professional interpretation.

Conference venue

The scientific sessions of the Conference will take place in Termez, Uzbekistan.

Accommodation for the Conference participants can be provided with reservation from the Organization Committee in the hotel system of Termez by priory arrangement. Accommodation and travel expenses are paid by sending organizations.

Registration fee
The registration fee is 220 EURO (includes participation, coffee-breaks, culture programme and publication).

Contact details
Please forward all the questions concerning the participation and the programme of the Conference to the executive secretary of the Conference: Anna Voroshilova Tel. +7 391 227 84 84, +7 999 3183334
